MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR THE LOT 8 PRODUCTION OF AIM-9X TACTICAL MISSILES

1. Raytheon Missile Systems, Tucson, Arizona is being awarded a \$126,617,404 firm-fixed-price contract for the Lot 8 production of AIM-9X Tactical Missiles for the U.S. Navy (100) and U.S. Air Force (89), and for the Governments of Korea (102) and Australia (47). In addition, this contract provides for the procurement of Captive Air Training Missiles (CATMs) for the U.S. Navy (70), U.S. Air Force (60) and the Government of Australia (20); 16 Special Air Training Missiles (NATMs) for the Government of Australia; and containers for the U.S. Navy (48), U.S. Air Force (50), and the Governments of Korea (26), Australia (24), and Finland (11).

2. Work will be performed in Tucson, Arizona (52.71 percent); Austin, Texas (11 percent); Valencia, California (8 percent); Goleta, California (7 percent); Rocket Center, West Virginia (7 percent); Glostrup, Denmark (4 percent); Cheshire, Connecticut (3 percent); Midland Ontario, Canada (3 percent); Anniston, Alabama (2.29 percent); Claremont, California (1 percent); and Longmont, Colorado (1 percent), and is expected to be completed in April 2010. Contract funds will not expire at the end of the current fiscal year. This option combines purchases for the U.S. Navy (\$39,544,455; 31.23 percent), U.S. Air Force (\$34,860,071; 27.54 percent), and the Governments of Korea (\$31,068,566; 24.54 percent), Australia (\$21,024,181; 16.60 percent), and Finland (\$120,131; 0.09 percent) under the Foreign Military Sales Program. This contract was not competitively procured.

3. The Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-08-C-0018). The Navy point of contact is [REDACTED] The Industry point of contact is [REDACTED]

### MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CY08 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

Encl: (1) List of CY2008 Anticipated Downsizing in the  
Department of the Navy

1. Appreciating your interest in the current plans, programs, and policies of the Department of the Navy, please be advised that the Navy is planning to conduct a number of civilian personnel reductions in force (RIF) at various locations worldwide during calendar year 2008 (CY08). Like other services and organizations within the Department of Defense, the Navy adjusts its civilian personnel to complement its force structure.

2. The Department of the Navy accomplishes civilian force structure adjustments under the Department of Defense's separation incentive programs (SIP). Under these programs, eligible employees who choose to voluntarily leave government service receive cash incentives. After maximum use of separation incentive programs, the necessary reduction levels may not have been reached. Regrettably, to meet appropriate civilian manning levels, the Navy would then be required to conduct involuntary reductions.

3. Every effort will be made to assist in the out-placement of all affected personnel. This assistance includes placement within the Department of Defense through the Priority Placement Program, job fairs, and referrals to private companies, in addition to other Federal and State agencies. Enclosure (1) is a list of Navy activities at which authority to RIF has been requested for CY08. The list projects the maximum potential downsizing and does not reflect the number of personnel who may actually be separated. Department of the Navy CY08 potential reductions are 7,271 positions at several hundred Navy and Marine Corps facilities worldwide. These figures include voluntary and involuntary reductions. Projected CY08 voluntary reductions are 2,973 and involuntary reductions are 4,298.

4. Due to incentive programs and our aggressive outplacement efforts the number of employees actually involuntarily separated has historically been a fraction of the potential reductions. In each of the last three calendar years the actual number of

Subj: CY07 PROJECTED REDUCTIONS IN FORCE (RIF) AT NAVY ACTIVITIES

employees involuntarily separated has been less than 3 percent of the potential involuntary separations. Should you have further questions regarding enclosure (1), the Office of Legislative Affairs point of contact is [REDACTED]

Sincerely,

ROBERT M. HENNEGAN  
Captain, U.S. Navy  
Deputy Chief of Legislative  
Affairs

MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR PROCUREMENT OF U.S. AIR FORCE  
CONVENTIONAL TAKE OFF AND LANDING (CTOL) PROPULSION SYSTEMS  
AND U.S. NAVY SHORT TAKE OFF AND VERTICAL LANDING (STOVL)  
PROPULSION SYSTEMS

1. United Technologies Corp., Pratt & Whitney, Military Engines, East Hartford, Connecticut is being awarded a \$332,102,095 modification to a previously awarded cost-plus-incentive-fee contract to establish the final price and provide full funding for the procurement of seven U.S. Air Force Conventional Take Off and Landing (CTOL) Propulsion Systems, one initial spare module, initial spare parts, and six U.S. Navy Short Take Off and Vertical Landing (STOVL) Propulsion Systems, and associated special tooling and special test equipment, program management, and financial and technical data. Additionally, this modification establishes an option for one spare Navy STOVL Propulsion System; one STOVL initial spare module; STOVL initial spare parts and associated sustainment effort; future LRIP proposal and planning effort; and United Kingdom Site Activation effort. Work will be performed in East Hartford, Connecticut (73 percent); Bristol, United Kingdom (17 percent); and Indianapolis, Indiana (10 percent) and is expected to be completed in February 2011. Contract funds will not expire at the end of the current fiscal year.

2. The Naval Air Systems Command, Patuxent River, Maryland is the contracting activity (N00019-07-C-0098). The Navy point of contact is [REDACTED] The Industry point of contact is [REDACTED]

## MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR ADMINSTRATIVE CONSTRUCTION TYPE PROJECTS  
AT NAVY AND MARINE CORPS INSTALLATIONS

1. John C. Grimberg Co., Inc., Rockville, Maryland; The Haskell Company, Jacksonville, Florida; Hourigan Construction Corp., Richmond, Virginia; Archer Western, Chicago, Illinois; and M.A. Mortenson, Minneapolis, Minnesota were each awarded indefinite-delivery/indefinite-quantity multiple award construction contracts for administrative construction type projects at Navy and Marine Corps installations within the NAVFAC Mid-Atlantic area of responsibility (AOR), including Maine, New Hampshire, New York, New Jersey, Pennsylvania, Rhode Island, Connecticut, Massachusetts, Vermont, Delaware, North Carolina, Virginia and West Virginia. The maximum dollar value for all five contracts combined is \$450,000,000. Work on these contracts will be performed at various Navy and Marine Corps facilities in the Hampton Roads area, North East area, and North Carolina area. The term of the contracts are not to exceed 60 months, with an expected completion date of September 2013. This contract was competitively procured.

2. John C. Grimberg is being awarded Task Order 0001 at \$7,950,000 for interior/exterior repairs to Building 705 and 706 at Norfolk Naval Shipyard, Portsmouth, Virginia. Work for this task order is expected to be completed by December 2009. The task order also contains one unexercised option, which if exercised, would increase the cumulative value of the task order to \$8,350,000. Contract funds for Task Order 0001 did not expire at the end of Fiscal Year 2008.

3. The Naval Facilities Engineering Command, Mid-Atlantic, Norfolk, Virginia is the contracting activity (N40085-08-D-9736/9737/9738/9739/9740). The Navy point of contact is [REDACTED]  
[REDACTED] The respective Industry points of [REDACTED]

## MEMORANDUM FOR INTERESTED MEMBERS OF CONGRESS

Subj: CONTRACT AWARDED FOR SEAPORT ENHANCED (SEAPORT-E) ACQUISITION PROGRAM FOR SERVICES PROCUREMENTS

Encl: (1) 2008 Seaport-E Contract Award Company Listing

1. The companies listed in Enclosure (1) are being awarded indefinite-delivery, indefinite-quantity multiple award contracts that will provide for their competition for service requirements solicited by Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Systems Command, Naval Supply Systems Command, Military Sealift Command, Naval Facilities Engineering Command, Strategic Systems Programs, Office of Naval Research, Defense Threat Reduction Agency and the United States Marine Corps.

2. The twenty-two functional service areas within the scope of the contracts includes Research and Development Support; Engineering System Engineering and Process Engineering Support; Modeling, Simulation, Stimulation, and Analysis Support; Prototyping, Pre-Production, Model-Making, and Fabrication Support; System Design Documentation and Technical Data Support; Software Engineering, Development, Programming, and Network Support; Reliability, Maintainability, and Availability (RM&A) Support; Human Factors, Performance, and Usability Engineering Support; System Safety Engineering Support; Configuration Management (CM) Support; Quality Assurance (QA) Support; Information System (IS) Development, Information Assurance (IA), and Information Technology (IT) Support; Inactivation and Disposal Support; Interoperability, Test and Evaluation, Trials Support; Measurement Facilities, Range, and Instrumentation Support; Logistics Support; Supply and Provisioning Support; Training Support; In-Service Engineering, Fleet Introduction, Installation and Checkout Support; Program Support; Functional and Administrative Support; and Public Affairs and Multimedia Support.

3. These contracts are in addition to the existing 1,605 contracts previously awarded under the SeaPort Enhanced (SeaPort-e) acquisition program for services procurements. The Government estimates a maximum of \$5,300,000,000 of services will be procured per year via orders issued under the SeaPort-e multiple award contracts. The awards have a three month base period with one five-year option and one four-year nine month award term option. These contracts were competitively
